**Top Performers by Color: Left to right starting in top left corner: SunPatiens Compact Royal Magenta (Dark Pink), SunHarmony Compact Lavender (Lavender), SunPatiens Compact Coral Pink (Light Pink), SunPatiens Spreading Clear Orange (Orange), SunPatiens Spreading Scarlet (Red), SunHarmony Violet (Purple), SunPatiens Compact White Imp. (White)**

**Consisted of 47 vegetative impatiens varieties ideal for growing in the sun, from three breeders. Trial was planted week 24 from 7 week old 50 mm cell elles. Plants were fed 150 ppm 17-5-17 for the first two weeks and then 300 ppm for the remainder of the trial. Trial was removed week 40. Performance ratings were based on a combination of vigor, floriferousness, uniformity, color, durability, and resistance to disease, fading and splitting.**
