## QUICK START

## **GROWING MADE EASY**

Our Quick Start program makes growing long-term crops such as cordyline, diplandenia, begonia, fuschia, and several geranium varieties easier and more profitable for growers. We'll put the first few weeks of growth on your long-term crops in our heated greenhouses, saving you time and heating costs.

Customer pick up and truck delivery is the preferred shipping method for this product. Contact the MYP customer service team with additional shipping questions.

Available in 4" pots/10 pack trays & 10" hanging baskets.
